

## Glenorchy City Council Work Centre

### Service Description

The Glenorchy City Council Work Centre is located in Vieste Drive, Glenorchy. The Work Centre is a large and dynamic environment. It is responsible for the maintenance and construction of the majority of the City's assets. This page outlines some of these roles.

#### Contracts and Compliance

This programme oversees the planning, implementation, and scheduling of current and future contracts and tenders for works undertaken on council assets. It ensures all required standards, regulations; codes, guidelines and policies relevant to the section are met. The issuing of permits, such as road openings and closures, are also dealt with in this area. Complaints about work practices or standards by contractors can be made through this area.

#### Fleet and Workshop Services

Council's plant and equipment fleet including Councils workshop is managed in this area.
