

DRAFT Car Parking Plan (Glenorchy)

Service Description

The Parking Working Group of Glenorchy City Council has developed a draft car parking plan for the commercial precinct of Glenorchy. This draft parking plan is now available for review and comment.

The consultation phase is designed to elicit comments or concerns in relation to the Car Parking Plan and, where possible, to address these prior to the final Commercial Precinct Car Parking Plan being adopted by Council.

It is envisaged that a car parking plan for the commercial precinct of Moonah will commence shortly.
