

MESSAGE FROM THE MAYOR AND GENERAL MANAGER

Welcome to Glenorchy City Council's Annual Plan for 2020/21 to 2024/25.

The beginning of 2020 saw the COVID-19 pandemic bring about rapid changes to the way we live, work, play and do business in our City.

In these uncertain times, we have been proud to see Glenorchy's diverse community, businesses and organisations come together to respond to the cultural, social and economic impacts of this pandemic. Our resilience, strength and diversity have been a guiding light through these dark times.

Now we are ready to emerge from our enforced hibernation, and see our City's communities, businesses and economy recover, to be better than ever.

More than ever, we must remember our vision:

We are a proud city; a city of arts; of opportunity; of partnerships; a city that makes exciting things happen.

In 2015, following extensive consultation, the Glenorchy community, led by Council, developed its Community Plan and set five goals for achieving our vision:

- Open for business
- Making lives better
- Valuing our environment
- Building image and pride
- Leading our community.

Under the leadership of the Glenorchy City Council elected in January 2018, and in accordance with our Strategic Plan 2016-25, Council management and staff are working hard to help achieve the vision and goals set by our community.

This annual plan outlines fourteen priority actions for 2020-21, as well as many supporting actions to be completed over the four-year timeframe of this plan. We believe that these actions are the highest priority and will create the most benefit for our City. In addition to these actions, Council will continue to deliver services and build and maintain infrastructure across the municipality.

Prior to COVID-19, Council had been working towards delivering a balanced budget; intended to produce a modest surplus and strengthen Council's long-term financial sustainability. Understandably, COVID-19 has significantly affected our financial position and changed our financial direction for the coming years.

Our new focus for the 2020-21 budget is to ensure Council is able to support our community and economy post COVID-19, while safeguarding Council's long-term financial sustainability.

Council will continue to deliver services and build and maintain infrastructure but will also implement a range of community support and economic stimulus measures to help our City recover.

We recognise that Glenorchy has a hard road ahead, but a brighter future awaits. This annual plan directs Council's resources, both human and financial, towards our recovery and realising the many opportunities ahead for our community.

We commend this plan to you.

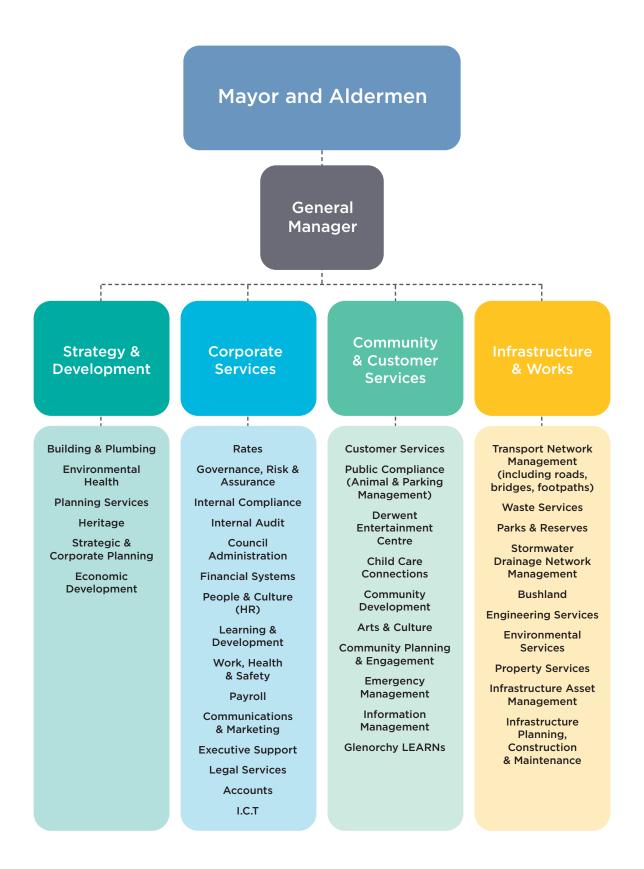

Kristie Johnston Mayor

Tony McMullen General Manager

COUNCIL STRUCTURE

VISION, MISSION AND VALUES

OUR VISION

We are a proud city; a city of arts; of opportunity; of partnerships; a city that makes exciting things happen.

OUR MISSION

Our mission is to deliver the community's vision, goals and priorities from the City of Glenorchy Community Plan 2015-2040.

OUR VALUES

PEOPLE:

We believe that each person is equal and has a positive contribution to make. The rights and opinions of all are heard, valued and respected.

DIVERSITY:

We value differences that enrich our community and the positive contributions everyone can make in improving the quality of community life.

PROGRESS:

We value innovation, flexibility and imagination in building a better and sustainable community.

PROSPERITY:

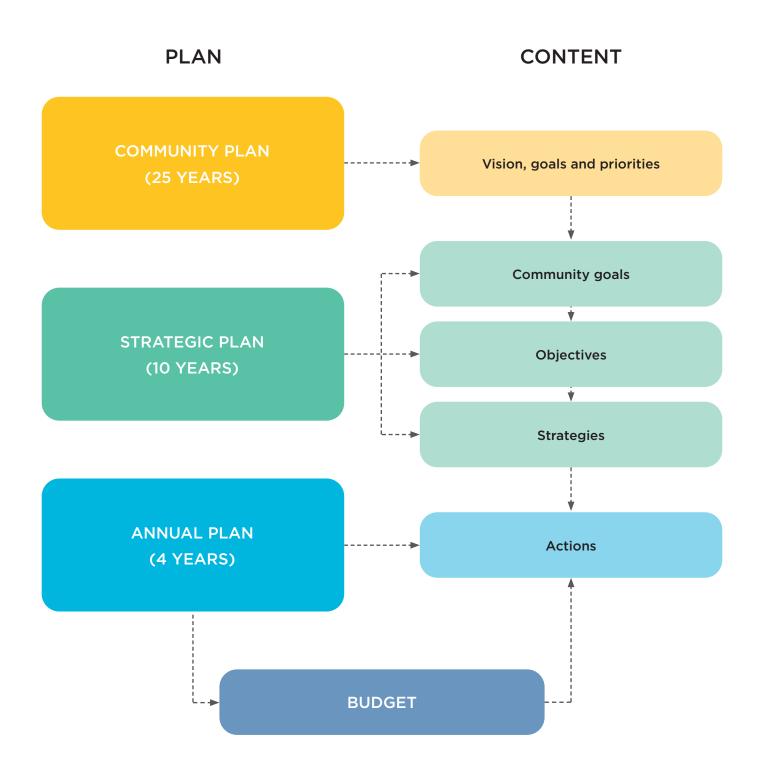

We commit ourselves to achieving social and economic prosperity for all.

ENVIRONMENT:

We work together to improve our City, so we can enjoy a safe and healthy environment and a good quality of life. We respect our heritage and have pride in our City.

COUNCIL'S STRATEGIC PLANNING PROCESSES

GOALS

Council's Strategic Plan for 2016-2025 aims to deliver on the vision and goals of the Community Plan:

MAKING LIVES BETTER

We continue
to be a safe,
inclusive,
active, healthy
and vibrant
community.
We will focus
on developing
a hub of
multiculturalism,
arts and culture.

OPEN FOR BUSINESS

We will create a strong economy and jobs for the future. We will encourage business diversity, innovation and new technologies to stimulate jobs, creativity and collaboration. We will be a place where business can establish, continue and flourish.

VALUING OUR ENVIRONMENT

We will value and enhance our natural and built environment. Our CBD areas of Glenorchy, Moonah and Claremont will be revitalised, with a strong emphasis on great design, open spaces and public art.

LEADING OUR COMMUNITY

We will be a progressive, positive community with strong Council leadership, striving to make Our Community's vision a reality.

BUILDING IMAGE AND PRIDE

We will show our pride as a city and others will see it.

GOAL	OBJECTIVES
Making Lives Better	Know our communities and what they value
	Support our communities to pursue and achieve their goals
	 Facilitate and/or deliver services to our communities
Open for Business	Stimulate a prosperous economy
	Identify and support priority growth sectors

BUILDING IM	AGE AND PRIDE
5.1.1	Implement the Communications Strategy
5.1.1	Deliver an Arts and Culture Strategy
5.1.1	Launch redeveloped Glenorchy City Council website

COVID-19

COUNCIL SERVICES, COMMUNITY SUPPORT AND ECONOMIC STIMULUS

COVID-19 will continue to impact on the delivery of Council's services in 2020-21. This has been recognised in this year's Annual Plan, with new actions prioritised and limited in number, enabling us to focus on core service delivery. Notwithstanding these impacts, we know that it is important to stand by our community and help our residents and businesses through this crisis. To that end, while continuing to deliver Council services, we will implement a range of community support and economic stimulus measures.

COUNCIL SERVICES

Council provides a wide range of critical services such as waste management, animal management, infrastructure maintenance, and assessment of various planning, building and plumbing applications. The provision of these services will continue, while we also adhere to additional requirements related to COVID-19.

The Mayor and General Manager and Council officers have worked with their counterparts in the local government sector, along with the Tasmanian Government, to respond in a coordinated way to the significant social and economic impact of the COVID-19 pandemic upon our communities.

COMMUNITY SUPPORT

A range of measures are in place for 2020-21 to ensure residents, businesses, community groups and ratepayers that are impacted by this crisis are supported by Council. Community assistance measures include:

- COVID-19 rate relief rebate, ensuring all Glenorchy ratepayers have no total bill increase for 2020-21
- Introduction of COVID-19 financial hardship guidelines to streamline applications for relief on rates and charges under Council's hardship policy
- Deferral of penalties and interest on overdue rates incurred during the COVID-19 emergency period
- Waiver of rent for grassroots community and sporting organisations
- Partial waiver and/or deferral of commercial rents for eligible commercial tenants
- Additional business support measures, and
- A community grants program.

ECONOMIC STIMULUS

Prior to the outbreak of COVID-19, the Glenorchy economy was distressed; with high unemployment, low resident workforce participation and low educational attainment. While we were starting to see some improvement, our economy was not yet resilient to economic shocks.

Preliminary economic modelling has enabled Council to assess the immediate impact of COVID-19 on our economy and businesses. We worked quickly to develop a road-map for our City's economic recovery and to prioritise the actions we need to take.

Engagement with local businesses and industry, political leaders and the community will determine the speed of Glenorchy's economic recovery. Having recently completed the Economic

Development Strategy, we have a sound understanding of our economy and the actions we need to take to assist those sectors of the economy most impacted by COVID-19. We also have strong relationships with our partners who will help us come through this economic crisis more resilient than ever.

As outlined in this Annual Plan, Council will deliver a \$5m Economic Recovery Package supported through the Tasmanian Government's \$150m Local Government Loan Program.

Ten projects are proposed to be progressed under the Economic Recovery Package;

- Activity City a business support program and buy local campaign
- Greater Glenorchy Plan planning for strategic investment in tourism, retail & hospitality
- City Scape creating a vibrant city centre for Glenorchy
- Green-shoots in Glenorchy a small business and start-up incubator
- Showcase delivering an Arts and Culture Strategy and creative workforce hub
- Corridor of Modern Art leveraging Glenorchy's arts and culture reputation through a public art trail and tourism asset
- Marine and Defence precinct & innovation leveraging the marine and defence precinct
- · Regional Sport and Recreation Hub
- · Cycling Hub, and
- · Making Berriedale Peninsula development ready.

The details and expenditures on these projects are yet to be resolved. Acknowledging the significance of these borrowings, detailed project costings including whole of life costs will be developed and considered prior to the drawdown of loan funding. Any material shift in the nature of the expenditure will be reported to Council for endorsement and approval.

MAKING LIVES BETTER

We continue to be a safe, inclusive, active healthy and vibrant community. We will focus on developing a hub of multiculturalism, arts and culture.

OBJECTIVES

- 1.1 Know our communities and what they value
- 1.2 Support our communities to pursue and achieve their goals
- 1.3 Facilitate and/or deliver services to our communities

STRATEGIES

- 1.1.1 Guide decision making through continued community engagement based on our Community Plan
- 1.1.2 Encourage diversity in our community by facilitating opportunities and connections
- 1.2.1 Encourage and support communities to express and achieve their aspirations
- 1.2.2 Build relationships and networks that create opportunities for our communities
- 1.2.3 Promote creative expression and participation and life-long learning as priorities for our communities
- 1.3.1 Directly deliver defined service levels to our communities
- 1.3.2 Identify and engage in partnerships that can more effectively deliver defined service levels to our communities

QUARTERLY INDICATORS

Community Engagement delivery across the IAP2 spectrum and levels of engagement** (1.1.1)

Special Committees – Percentage of participants at individual committee meetings ** (1.1.1)

Customer satisfaction rating of 75% or more (1.3.1)

Number of people using the Moonah Arts Centre, Multicultural Hub and Claremont Library (1.2.3)

KEY PERFORMANCE INDICATORS

- Positive feedback from the multicultural community about the Multicultural Hub ** (1.1.2)
- Increased community participation in activities that improve social cohesion (such as WAVE Action in May)** (1.2.1)
- Proportion of Council run events that are fully accessible (1.2.1)
- Children, Youth and Families Framework developed (1.1.2)
- Year one actions of the Healthy Communities
 Plan implemented (1.2.2)
- Positive responses in MAC customer feedback surveys (1.2.3)
- Reduction in volume of waste going to landfill as a proportion of total kerbside waste collected (1.3.1)

BUDGET SUMMARY 2020-21 FINANCIAL YEAR

The COVID-19 pandemic and the potential impacts have created an uncertain and dynamic environment. Social distancing requirements, business closures, job losses, border closures and various stimulus packages have created unprecedented economic and fiscal conditions at every level of government. Acknowledging these uncertainties, Council has committed to revisiting the Annual Budget and Long-Term Financial Management Plan again in August 2020.

The new focus of the 2020-21 budget is to ensure Council is in a position to support our community and economy, while safeguarding Council's long-term financial sustainability.

To that end, Council will continue to deliver services and build and maintain infrastructure, while implementing a range of community support and economic stimulus measures.

At the Special Council Meeting on 18 May 2020, Council approved a Community Assistance Package to respond to the significant social and economic impact of COVID-19 on our communities.

The financial implications of this community assistance package are forecast to significantly impact Council's operating result and cash reserves and is expected to have a total cost to Council of \$4m. These assistance measures together with additional forecast financial impacts on both income and expenditure, will result in a forecast Operating Deficit for 2020-21 of \$9.6m.

The Long-Term Financial Management Plan indicates that Council's efforts over the coming years will provide an improvement upon the 2020-21 result, noting however, that the forecast does not indicate a return to operating surpluses until 2028-2029.

The rates revenue budget has been prepared

with a general rate increase of 2.5% together with a growth factor of 0.5%, however this increase has been offset by the Rates Relief Rebate of \$1.992m. This ensures that where a ratepayer's circumstances have not changed from the prior year, there will be no increase in the total bill.

Council's largest investment income stream is as an owner-shareholder in TasWater. In the current economic climate, it is expected that distributions from TasWater will not be forthcoming for the 2020-21 financial year. The remaining investment income stream is derived from interest earned on cash balances. A combination of low deposit interest rates and lower than expected cash balances is expected to result in minimal income from interest received by Council for the financial year.

Employee benefit expenditure is reduced because in May 2020 it was decided to implement a freeze on the payment of automatic wage increases for 2020-21. In ordinary times, the budget would have incorporated a wage increase equivalent to CPI, this has not been included in the 2020-21 budget

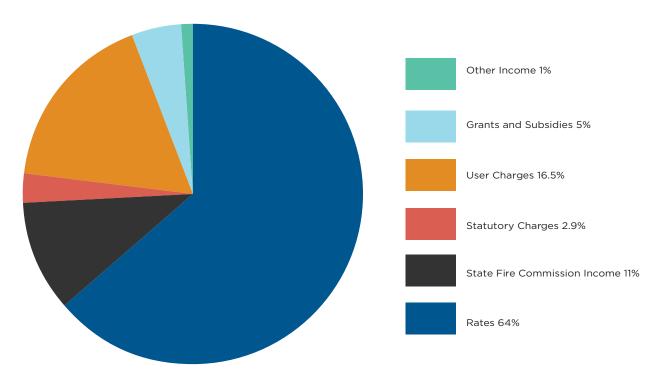

In addition to the normal Materials, Services and Contractors, this category also includes an additional \$1.58m in expenditure which is the forecast operating component of Council's Economic Recovery Package (to be funded by a \$5m loan from the Tasmanian Government). It is expected that as project plans are fully developed for the recovery projects, this budget will be re-allocated to other expenditure categories. This reallocation will be included in the future budget reviews for Council approval.

As Council's assets are renewed and replaced in line with the Asset Management Strategy, the remaining assets are required to be written off. This results in operating expenditure each year that has traditionally been difficult to forecast accurately. In order to ensure that the write offs do not exceed budget, a cap has been applied to the capital works program for the 2020-21 year.

BUDGET SUMMARY 2020-21 FINANCIAL YEAR

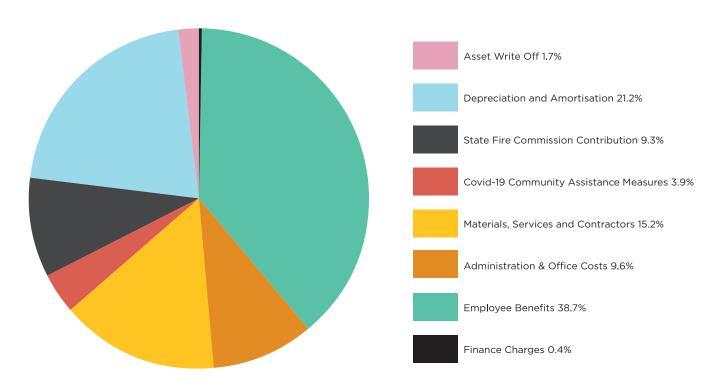

REVENUE

Sources of Council's budgeted revenue (% of total revenue)

EXPENDITURE

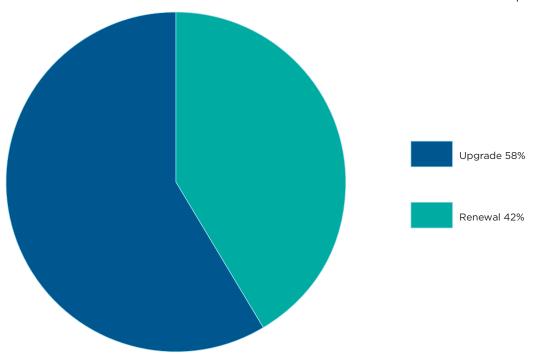

Areas of Council's budgeted expenditure (% of total expenditure)

CAPITAL WORKS SUMMARY

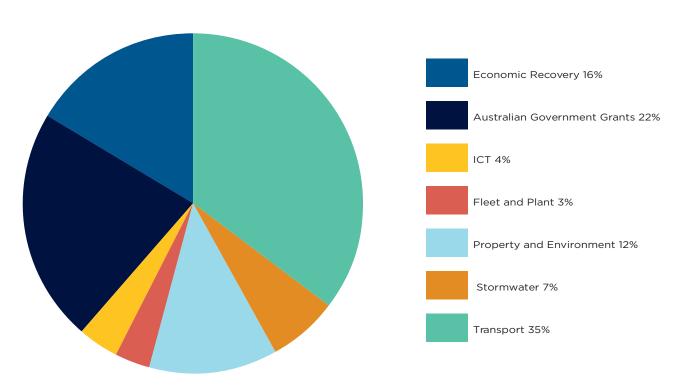

RENEWAL AND UPGRADE INVESTMENTS

Council's capital expenditure by renewal and upgrade as a proportion of the total capital budget of \$21,138,000

INVESTMENT BY ASSET PROGRAMS

Council's capital expenditure by asset program

INVESTMENT BY ASSET PROGRAMS

ROADS

The transport infrastructure capital works program includes footpaths, pavements, bridges and street-lighting. The budget for 2020-21 is \$7.8m of which \$2m is for new/upgraded assets, including a \$1m investment for the penultimate stage of the Glenorchy CBD Revitalisation. The remaining roads program will be undertaken to renew or upgrade existing assets throughout the City.

STORMWATER

Stormwater infrastructure provides the services that are critical to protect our City from flooding and to keep the Derwent River free of rubbish. Stormwater assets have a very long life, usually in excess of thirty years, thus the capital works budget is relatively small compared to other asset programs and incurs lower costs for depreciation and maintenance. The stormwater capital budget for 2020-21 is \$1.39m, of which \$0.83m is for new/upgraded assets and \$0.56m is for renewal.

PROPERTY

The Property capital works program includes investments that provide services to the community through assets such as Jackson Street Landfill, public toilets, tracks and trails, open space, recreation areas and parks.

The 2020-21 budget is \$2.61m of which \$1.94m is for new/upgrade projects and \$0.67m is for renewal of existing assets.

In addition to these investments, Council's building and parks and recreation assets will be significantly upgraded in 2020-21 with the delivery of Federally Funded projects, including; Giblins Reserve Play Space, Montrose Foreshore Play Space, Eady Street Sports and KGV Football Facilities and the North Chigwell Football and Community Facility. Receipt of grant funding will occur as projects progress and as such this budget includes expenditure of \$4.8m for delivery but has not included forecasts reflecting the incoming grant funding as revenue.

FLEET, PLANT AND EQUIPMENT

The \$0.37m Fleet program is focused on timely replacement of Council vehicles, the majority of which are light commercial and replaced like-for-like. Options for implementation of smaller more fuel-efficient vehicles are being explored. The plant and equipment investment of \$0.235m for 2020-21 covers replacement of critical equipment and an additional \$0.075m is forecast for replacement of kerbside and recycling bin replacements.

INFORMATION, COMMUNICATION AND TECHNOLOGY (ICT)

Investment in ICT for 2020-21 is forecast at \$0.845m. \$0.5m will be invested in new/upgraded software and hardware. Software upgrades will enable improvement of Council's community engagement online, drive efficiency through use of an online induction portal and enable transparency by digitising Council records, while hardware upgrades will see new and upgraded mobile devices and desktop equipment.

\$0.345m will be invested in renewal and replacement of existing hardware, both mobile and desktop equipment, and software to ensure appropriate information and cyber security measures are sufficient.

PROGRAM DELIVERY

Across Council's asset programs, project budgets can include a 'contingency' component to accommodate for unforeseen events and subsequently mitigate financial risk associated with delivery in a dynamic physical, digital and commercial environment. As such, successful delivery of projects that include this contingency component may result in an 'underspend' of that program's forecast budget allocation for the 2020-21 year.

PUBLIC HEALTH GOALS AND OBJECTIVES

Section 71(2)(d) of the Local Government Act 1993 requires that Councils "include a summary of the major strategies to be used in relation to the council's public health goals and objectives" in their Annual Plan.

Glenorchy City Council's commitment to Public Health is identified in Objectives 1.2, 3.2, and 4.1 of the Glenorchy City Council Annual Plan. These objectives contain strategies and actions aimed to maintain a high level of Public Health within the municipality.

GOAL: MAKING LIVES BETTER

OBJECTIVE:

1.2 Support our communities to pursue and achieve their goals.

STRATEGY:

1.2.2 Build relationships and networks that create opportunities for our communities.

Action: Implement the Healthy Communities Plan.

GOAL: VALUING OUR ENVIRONMENT

OBJECTIVE:

3.2 Manage our natural environments now and for the future.

STRATEGY:

3.2.3 Enhance, protect and celebrate the Derwent Foreshore.

Action: Participate in the Derwent Estuary Program by undertaking water quality monitoring and reporting.

GOAL: LEADING OUR COMMUNITY

OBJECTIVE:

4.1 Govern in the best interests of our community.

STRATEGY:

4.1.3 Maximise regulatory compliance in Council and the community through our systems and processes.

Action: Ensure businesses comply with public health requirements.
