

No-Spray Register

We operate an urban weed control program which aims to control vegetation and weeds on urban streets, footpaths, kerb, gutters and property frontages in Glenorchy municipality. The program includes the use of herbicides.

There are two main spray cycles per year, which are based on the life cycle of the weeds and aimed at stopping any spread of seeds. Generally, spraying is carried out in September/October and March/April as well as targeted weed treatment throughout the year.

If you do not want us to spray on the road reserve in front of or alongside your property you can apply to be listed on the No Spray Register. Residents of Glenorchy* are able to request that the Glenorchy City Council cease using herbicides on Council land adjacent to their private property. Residents making this request would then be required to assume the responsibility for weed control on the Council property.

*Property owners must be aware and in agreement if the property is currently leased or rented.

The Glenorchy City Council will maintain a register of applicants and periodically inspect sites to ensure that they are being maintained. If the area is not being maintained to a satisfactory degree, the Council may resume responsibility for the maintenance of the land using herbicides if necessary.

No Spray Register

Please complete the details below to add a new property or renew an existing property on the Glenorchy City Council's No Spray Register

No Spray Register Application

- I would like to:
- Make a new application to join the register.
 - Renew an existing application.

Applicant Details

First Name: _____ Surname: _____

Address (to be added to the register, must be in Glenorchy municipality)*:

Postal address (if different to above)

Phone: _____ Email: _____

Property type:

- Owner/occupier
- Tenant/rental
- Unit/strata complex
- Owner's authorisation attached (if application submitted by someone other than owner)

What is your proposed method of weed control?

Property owners who request the Council to desist from spraying in front of their properties on public land must detail how they intend to control the problem themselves. The plan must be approved by Council and carried out in a timely manner.

Additional comments: (e.g. I live on a corner block, share a driveway, etc.)

Terms and Conditions

1. By applying to the No Spray register the applicant agrees to assume responsibility for the control of weeds normally maintained by the Council under its urban weed control program at the nominated property address on their application.
2. The applicant agrees to provide a pest control plan detailing how they will control the weeds at their nominated property under the Code of Practice for spraying public places, Section 2, Part 25 and 26.:

Section 2 - Rural, rural/residential, suburban and urban areas

25. Property owners and other individuals must not use chemical products on public land unless a written agreement to do so has been reached with Council authorities. 26. Property owners who request the Council to desist from spraying in front of their properties on public land must prepare a proposed pest control plan detailing how they intend to control the problem themselves. The plan must be approved by the Council and carried out in a timely manner. If the issue is not dealt with satisfactorily, the Council may resume responsibility for the maintenance of the land using chemical products if necessary.

3. Council reserve the right inspect the property and surrounding areas to ensure that satisfactory management is being carried out.
4. Council reserves the right to resume maintenance of the nominated area if the applicant is not maintain the area as agreed upon or to a satisfactory standard.
5. Requests will remain on the register for 24 months. Registration for renewal will open for the month of June of each year for new registrations and renewals. Successful applicants are responsible for renewing their registration.
