We acknowledge the palawa community (the Tasmanian Aboriginal Community) as the original owners and continuing custodians of this island, lutruwita (Tasmania) and pay our respect to elders past, present and emerging.

Reflect Reconciliation Action Plan

Council is committed to strengthening our relationships and working partnerships with the local Aboriginal community, so that we better understand, value and share the stories and aspirations of Aboriginal people.

To achieve this, Council is developing a Reflect Reconciliation Action Plan (RAP), which will guide our reconciliation efforts as an organisation. This work will be guided by the 5 dimensions of reconciliation:

1. Race relations - How to build positive two-way relationships
2. Equality and equity - How can we close the gap between Aboriginal people and non-Aboriginal people (eg health, work, life expectancy, culture)
3. Institutional integrity - Use RAP to have our organisation support equality for Aboriginal people
4. Unity - How to value and recognise Aboriginal culture and heritage as a proud part of a shared national identity
5. Historical acceptance - How to create understanding and acceptance of the wrongs of the past and their impact on Aboriginal people - amongst all Australians. And that these wrongs will never be repeated.

Head to letstalk.gcc.tas.gov.au for more information, or please get in touch with Council's Community Development team via 6216 6800 or gccmail@gcc.tas.gov.au

The RAP survey will remain open until Monday 13 March, however you will be able to have your say throughout the development of the RAP until June 2023.

What do we mean when we say Community Engagement?

'Community engagement is a planned process with the specific purpose of working across organisations, stakeholders and communities to shape our decisions or actions in relation to a problem, opportunity or outcome.'
