We Stand Together Against Racism

In response to a concerning rise in reports of racist behaviour in our communities, along with a growing fear among migrant communities, the six councils of Brighton, Clarence, Glenorchy, Kingborough, Sorell and Hobart came together to take a stand against racism. The councils worked alongside the Migrant Resource Centre and Gloo Advertising to develop a dynamic and innovative awareness campaign.

The campaign calls on all Tasmanians to stand together against racism; reinforces councils' united commitment that racism has no place in our community; and provides practical ways for individuals to actively combat racism. The campaign is built on the belief that our communities are stronger as a result of cultural diversity and that there is a power that comes from our communities standing together against racism. The campaign features local community members from each council area who each make a statement about how they stand up against racism.

Take part in our LGBTQIA+ Survey

We're looking for people to fill out our LGBTQIA+ Survey! We're hoping that people within the community will share their experience of what it's like to live, work or visit Glenorchy City. Scan this QR code to fill out the survey and join our mailing list. Survey participants will go into a raffle to win a \$100 voucher to spend at Northgate Shopping Centre.

Join our mailing list and we'll let you know when the survey opens!

Program Spotlight - The RESET Program

Glenorchy City Council will work closely with Glenorchy high schools to monitor students who are regularly getting suspended or have a risk of falling into the cycle of suspension / education disengagement.

The school will share student and parent information with the CommUNITY Development Team with the parents consent. The CommUNITY Development team will then offer the student and family support through local services that already exist.
