## ROAD RESERVE PERMIT APPLICATION

## PLEASE NOTE

Failure to comply with the conditions below may result in the issuing of an infringement fine of 20 penalty units under Council's Public Places and Infrastructure By-Law No. 1 of 2022, in addition to the cost of repair of infrastructure.

The permit is issued in accordance with the Traffic Act 1925, the Local Government Highway Act section 46 and Council's Public Places and Infrastructure By-Law No. 1 of 2022

If the works form part of development or subdivision works you must first contact City Planning on 03 6216 6800 to confirm permit conditions. All works must comply with permit conditions.

Information on skip bins can be obtained by contacting Council on 03 6216 6800. Skip bins are to be placed clear of any footpath, driveway, or road.

## **GENERAL CONDITIONS**

- 1. A safe work site must be maintained at all times for the public and workers.
- 2. The permit is issued subject to photographic evidence of the condition of the works site prior to, during and after the works or required infrastructure condition report.
- 3. The works must be in accordance with the approved plan, the TSD, Council specifications, TasNetworks requirements, relevant standards, guidelines, code and any legal requirements.
- 4. Any necessary permits from other entities must be obtained prior to commencement.
- 5. At least 48 hours' notice must be provided to Council before works begin.
- 6. Seven working days' notice is to be given for Council to inspect reinforcement/compacted FCR prior to concrete pour/surfacing.
- 7. Redundant vehicle crossings and/or driveway aprons are to be removed and reinstated as kerb in accordance with TSD unless otherwise approved by council.
- 8. Footpaths to be kept open, level and free of any loose material, otherwise closed under and in accordance with the Traffic Management Plan.
- 9. For trench excavations through Council footpaths, the entire width of the affected footpath panel shall be replaced.
- 10. No building materials are to be kept outside the works site as approved under the TMP.
- 11. The nature strip and any affected footpath must be reinstated to its full width and using the same material as existing.
- 12. Construction and future costs, maintenance and liability of the works remains the responsibly of the applicant.
- 13. The road reserve, including footpaths, nature strips, and other affected areas, must be fully reinstated to Council standards following completion of works. The location of all underground services must be checked prior to commencing work as service authorities may have infrastructure in the road reserve that may differ or not be on DBYD. Service infrastructure locations can be obtained from 'Before You Dig Australia'.he property owner will be liable for any repair and/or reinstatement costs due to damage caused to Council infrastructure or others. All works carried out on Council owned or managed land including the road reservation are to comply with the current 'Austroads Guide to Temporary Traffic Management (AGTTM)', in accordance with AS 1742.3 Traffic Control Devices for Works on Roads and Work Health & Safety requirements. Contractors to have appropriate Public Liability Insurance for a sum of not less than ten (10) million dollars and attach a copy of the certificate of currency. The authorised applicant is required to provide their client (i.e. the property owner) with a copy of this endorsed permit on receipt. A copy of this permit must be available on site at all times and be made available to council officers upon request (electronic version acceptable).
- 14. Private underground electrical connections (PUEC) are approved subject to:
- Being placed greater than 600mm depth and located as per the plan provided
- Marker placed on the fence or post closest to the cable, such as an aluminium disk
- TasNetworks agrees to record the PUEC once live, on Before You Dig Australia.

PERMIT APPROVED			
This permit is not valid until signed by an authorised officer of Council and is valid for 6 months only from date of			
issue.			
Date Permit emailed to applicant.
